Introduction of Tour

[ECC(Elwha Campus Complex)]
It is a large-scale underground structure consisting of approximately 46,000m² in floor area and a total of 5 levels below the ground, designed by Dominique Perrault, the winner of the international competition by invitation for this project. This building is designed like a boulevard that starts from the entry point of Elwha Station and ends in front of P103 Mall. The lower 2 levels will be used as an underground parking lot with a total capacity of 750 vehicles and the top of the building will be roof gardens and represent a pleasant green campus.

Introduction of Tour

[Leeum, Samsung Museum of Art]
Leeum, Samsung Museum of Art, exhibits traditional and modern works of art by Korean and international artists. The museum itself is just as fascinating as the works of art on display, since its three buildings were designed by the internationally renowned architects, Mario Botta, Jean Nouvel, and Rem Koolhaas.

MUSEUM 1 houses traditional Korean works of art such as calligraphy, paintings, ceramic arts, and metal crafts, while MUSEUM 2 displays modern and contemporary art by both Korean and foreign artists. This is one of the places that the "First ladies of the Seoul G20" visited during the G20 Summit in Seoul in November 2010. This attraction represents the beauty of Korea.

Introduction of Tour

[DDP(Dongdaemun Design Plaza)]
Dongdaemun Design Plaza (DDP) is a blend of traditional buildings, relics and cutting-edge modern multi-functional facilities.

Seoul Fortress, Ipanmun Water Gate (floodgate channeling water from Namsan Mountain to Cheonggyecheon Stream and Seoul Fortress), Dongdaemun History Hall, the Dongdaemun Excavation Site, Dongdaemun Sports Memorial Hall, Event Hall, and Design Gallery can all be found at the DDP.
