Introduction of Tour

[Jeju International Peace Center]

After the Korean government declared Jeju Island an "island of world peace," it has since been trying to maintain its peaceful image, and has had an International Peace Center built. The Jeju International Peace Center exhibits North and South peace treaties between international-level politicians, as well as Nobel Peace Prize winners, and the works of people who have helped Korea. The 3rd gallery displays various sculptures of world-famous people who have practiced peace, such as Mother Teresa, Mahatma Gandhi, and popular Korean entertainers, including Baek Yong-jin, Lee Byung-jun, and Lee Young-ae.

Introduction of Tour

[Seongup Folk Village]

Located at the foot of Halla Mountain on Jeju Island, Seongup Folk Village is a small town that holds a vast amount of culture.
Introduction of Tour

[4.3 Peace Park]

Manind tends to only remember the heroes of civilization. Jeju 4 Peace Park was created to remember those who fell during the massacres as they protected their homeland. The park is the symbol of reconciliation and peace, and seeks to open a new chapter of life.

[Seongsan Ilchulbong Peak]

Seongsan Ilchulbong Peak rose from the sea in a volcanic eruption over 200,000 years ago. Located on the western end of Jeju Island, there is a huge crater at the top of Seongsan Ilchulbong Peak. The crater is about 60m in diameter and 90m high. With the 20 sharp peaks surrounding the crater, it looks like a gigantic crown. While the southeast and north slope are steep, the northwest slope is a gentle grassy hill that is connected to the Seongsan Village. The hilltop provides an ideal spot for walks and for horse riding as well.
